

COVID-19 & ROCKY RIDGE Update

July 3, 2020

Good news: Both pools at Rocky Ridge are open!

A few reminders regarding use of the pools (note that the board of directors of the Rocky Ridge Properties Owners Association has adopted these restrictions with an eye toward maintaining compliance with applicable State and County restrictions):

- Each hot tub continues to be closed.
- All showers continue to be closed.
- The use of the pools and surrounding areas is subject to social distancing requirements. Parents are responsible for monitoring the social distancing of their children.
- Each user should consider disinfecting chairs, tables and other surfaces before use.
- Although the restrooms will be cleaned periodically, each user should consider additional disinfection steps. Please clean up after yourself.
- No glass is permitted in the areas around the pools.

The tennis courts and basketball court are open.

The playground is open - please consider whether you should disinfect areas or areas before permitting your child to use them.

The picnic tables, lawn chairs and deck chairs and tables are open – please consider whether you should disinfect chairs or areas before using them.

Please also note that people should not use common facilities (**including the pool, the beach, the tennis courts, and the playground**) when they are exhibiting COVID-19 symptoms (e.g., respiratory illness, trouble breathing, muscle aches, sore throat, coughing, or fever)

Please comply with the above restrictions – use of all common areas and facilities is at the risk of the user.
